21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution. (Observation/Suggestion may also be a review of any course content of the syllabus/ Content you would have wished to learn).

- 1 By giving more focus on weak students
- 2 Improve the content presentation
- 3 Some kind of activities to make everyone more attentive and guidance regarding future
- 4 I'm unable to attend all the activities and regular classes due to lack of network issues so I can't blame to my teachers or any other.. or institute...
- Mathematics needs improvement not just solve question
- teaching the topic more geometrical meaning and content wise
- 6 Teacher should teach about devlopment of projects based on our learning
- The teachers are good with techniques and the concept are understandable. A little more illustration of topics will help, in getting relatable to concept.
- Practical knowledge application
- 8 Money making
- 9 Thank you Teachers for your Efforts to teach us and make us learn
