21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution. (Observation/Suggestion may also be a review of any course content of the syllabus/ Content you would have wished to learn).

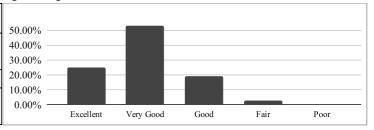

- 1 Teaching is good but Make teaching a two way interaction.
- 2 Providing notes properly
- 3 Everything is good
- 4 Try to reach every student and ask for their doubts
- 5 In My Openion there Our All Faculties teaching very well.
- 6 Make it a little more interactive and amazing
 - First is teachers should not do partializty in caste wise candidates
- If the gate lecture is organizing it should be organize for all students not only for sc st stundents

 Nd techears should communicate in english language mostly bcz most of the students dont know the marathi language
- 8 Should encourage students to prepare for Competitive exams also like CSE ESE GATE SSE and many more MNM subject teacher didn't cleared the basic concepts regarding subject. Simplified explanation to every topic in MNM is
- 9 highly required. Hence most of us didn't understood concepts in MNM. Any subject lecturer must not be changed halfway through syllabus. Faculty change in AWP made the subject tough to understand.

Suggestions-

- 1 MNM and AWP subject teacher's teaching process is very poor. Both subject teacher's is unable to share his knowledge to us properly. The whole class is facing this problem since the start of this sem.
- 2 Teachers should communicate in english language
- 3 Some teachers are not so good in online teaching. One meet between HOD and students should be conducted so that students will share their problems.
