Dear Tushar,

I hope this email finds you well. As you approach the halfway mark of your internship at Kaliba Enterprises Pvt Ltd, I wanted to take this opportunity to check in with you and provide some feedback on your performance so far.

First, let me express our appreciation for the work you've done over the past three months. Your contributions to web Development project have been valuable, and your skills in React have been instrumental in our progress.

Here are a few highlights from your internship experience so far:

**Project Involvement:** Your work on project has demonstrated your proficiency in React and your ability to create dynamic, responsive interfaces. You've played a key role in meeting project goals.

**Collaboration:** Your teamwork and communication within the development team have been essential to our success. You've provided helpful insights and shared knowledge that benefits everyone.

**Learning and Growth:** You've shown a strong willingness to learn and adapt to new challenges, which is crucial for growth in react development.

As you enter the next half of your internship, I encourage you to continue building on the positive momentum you've established. Consider focusing on further growth, such as testing, state management, or advanced features of React to enhance your skill set.

Please let me know a time that works for you so we can go over your progress and any support you may need.

Thank you again for your hard work and dedication. We look forward to seeing your continued growth and achievements throughout the rest of your internship.

Best regards,

Kaliba Enterprises Pvt Ltd

### INTRENSHIP CERTIFICATE

Dear Sir,

This certifies that Mr. PRIYANSHU VINODKUMAR AGNIHOTRI has completed an internship with us from 15-Jan-2024 to 15-Apr-2024.

As per his request, he has received a brief orientation to the work processes involved in the manufacturing of Pressure Vessels, Shell & Tube Heat Exchangers. He has been introduced to various fabrication activities including Material Identification and Control, Shell Rolling, Dish forming, Welding, Nozzle fabrication as well as a brief overview of Non-Destructive testing methods regularly conducted in our Manufacturing premises. While it is noted that he is a keen student with an intuitive grasp for knowledge acquisition, it is also recommended that this exposure be supplemented with additional efforts in Design Engineering for a fulfilling career.

We wish him all the best in his future endeavors.
